Methodist College

Fayetteville State College

FAYETTEVILLE TECHNICAL INSTITUTE

This fine modern structure was provided by the people of The Fayetteville Area and is operated by the State of North Carolina. Training provided by the Fayetteville Technical Institute consists of both pre-employment and on the job. Following joint job analysis by the school staff and the prospective employer, training classes may be set up either in the school, the employer's plant,

or in other suitable quarters. Instructors will be provided by the State. The Employment Security Commission, which has a Divisional Office in Fayetteville, will administer general aptitude tests and refer potential employees to firms for selection prior to actual training. This facility has very modern equipment for use in training and is constantly entering new fields. The program is set up in such a manner that new courses can be provided to fit most any business or industrial need. The institute can and will operate around the clock if needs be. Its present expansion program appears to have no end.

Enrollment as of 10/17/66 was as follows:*

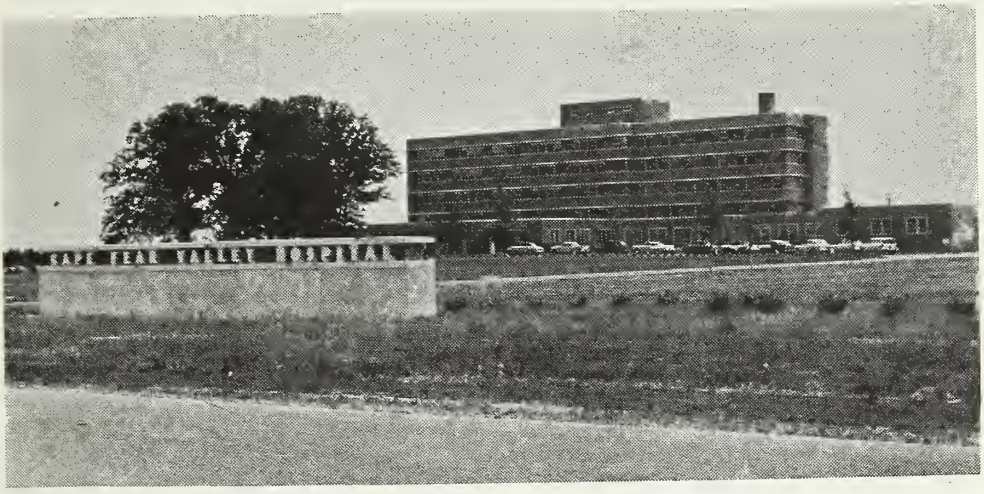
Instructors: Full Time - 43
Part Time - 129

Students: Day - 588
Night - 2,543

Fayetteville Technical Institute

The Fayetteville Area has been classified as one with surplus available labor for some time and will most likely continue so into the future. Originally, a portion of this surplus was caused by the rapid expansion of the City of Fayetteville and nearby Spring Lake. Between 1940 and 1960 The Bureau of the Census reported a drop of over 1,000 farm units in Cumberland County. The occupants of these units formed a surplus that has been increased monthly by military separations at nearby Fort Bragg. Today, many of these separations are twenty year men, ages 38-42, who have had extensive technical experience in fields such as electronics. Estimated population within twenty-five mile radius is 214,900.

HOSPITALS

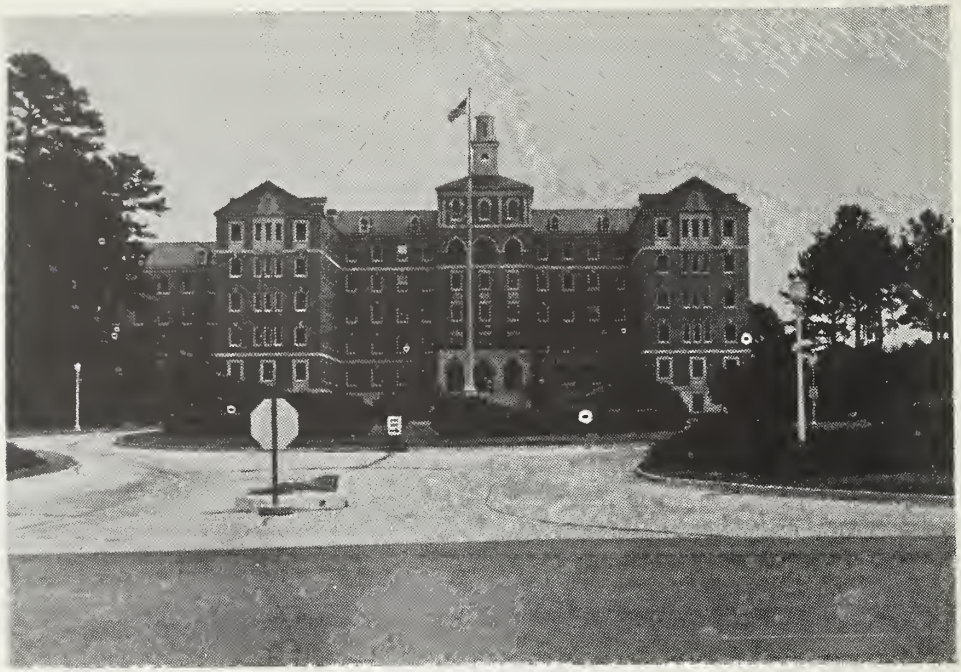


Cape Fear Valley Hospital which now has 206 beds is now being expanded to a 400 bed capacity. It is situated on a site that was acquired with full consideration for expanded needs. HIGHSMITH-RAINEY MEMORIAL HOSPITAL has 102 beds. Renovation which has been going on will be completed in June. Both are operated by Cumberland County.

Physicians and surgeons in the Fayetteville Area total 68, dentists 31.

The hospitals shown on this page are supplemented by the very modern new 500 bed Womack Hospital at Fort Bragg.

The U. S. VETERANS ADMINISTRATION HOSPITAL has 390 beds and is situated on a site that would permit expansion if needed. Physicians attached to the Veterans Hospital number 22; dentists 2.



There are 13 licensed Rest Homes, and 8 Nursing Homes.

Cape Fear Valley Hospital

Highsmith-Rainey Memorial Hospital

Veterans Hospital

CITY AND COUNTY GOVERNMENT

The City of Fayetteville operates with a Council-Manager form of municipal government. The members of the Council and the Mayor are elected, the Manager appointed.

The City operated a very active street maintenance and improvement program. Its sanitary department provides garbage pickup three times weekly in the residential area with the most modern equipment; oftener downtown. This department uses a land fill method of disposal.

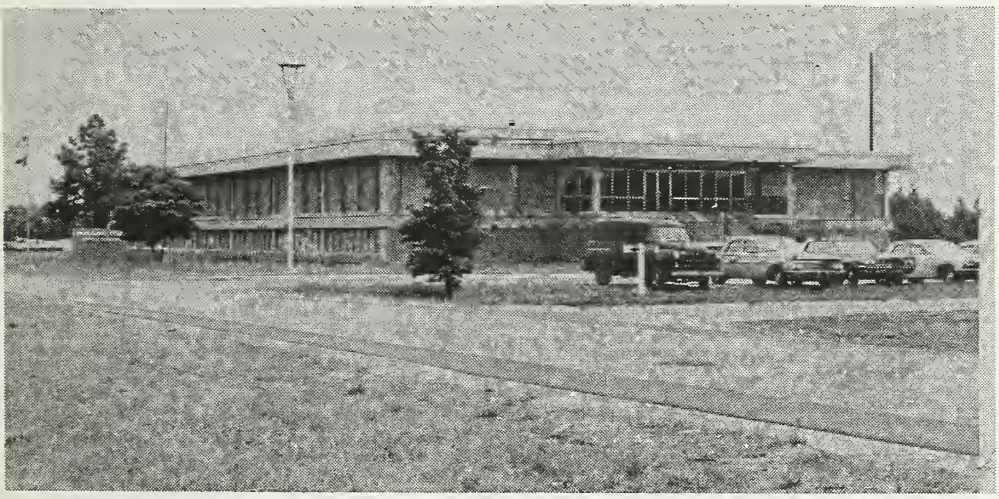
Fayetteville City Hall

Water and sewage facilities are described in detail elsewhere.

	City	County
Assessed Value of Property	$126,500,000.00	$270,000,000.00
Bonded Indebtedness	5,593,000.00	15,230,000.00
Tax Rate (Per $100 Valuation)	1.29	1.70
Special School Rate—Cross Creek Township (Fayetteville)		.25
Rural Fire Tax Rate		.10

Date: October 17, 1966.

Both the City of Fayetteville and Cumberland County are in excellent fiscal condition in spite of the tremendous growth and expansion in recent years.



LAW ENFORCEMENT		CITY	COUNTY
Personnel	Police Dept.	74	Sheriff's Dept. 69
	Traffic Dept.	10	
Equipment	Police Dept.	13 Mobile	Sheriff's Dept. 37 Mobile
	Traffic Dept.	8 Mobile	

Cumberland County is governed by an elected Board of Commissioners.

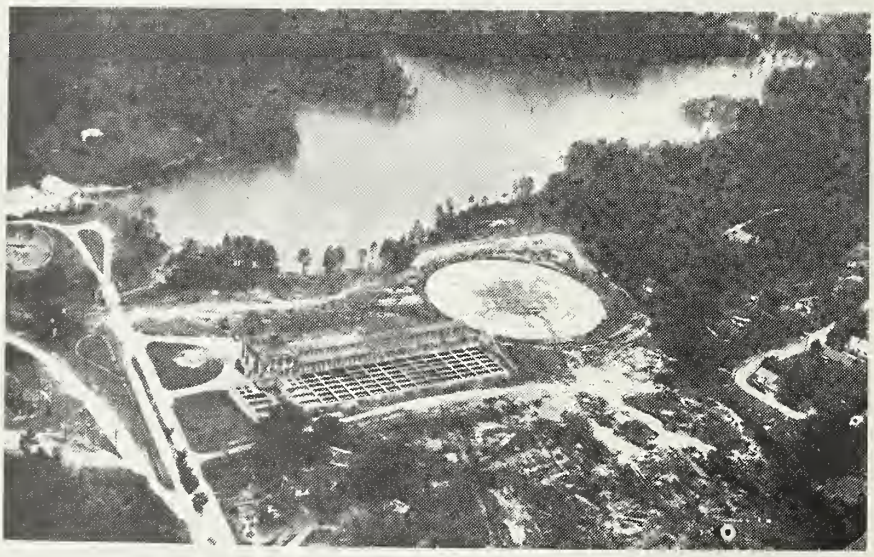
County roads are maintained by the North Carolina State Highway Department, which has both District and Division offices in Fayetteville.

The County operates a very complete Health Department.

To supplement the City and County agencies, especially in promoting safety on the roads and highways, is Troop B Headquarters of the North Carolina State Highway Patrol. Its staff of 37 employees also provides daily service in processing driver's license examinations. Equipment consists of 26 mobile units.

Cumberland County Office Building

Fayetteville Fire Station No. 5



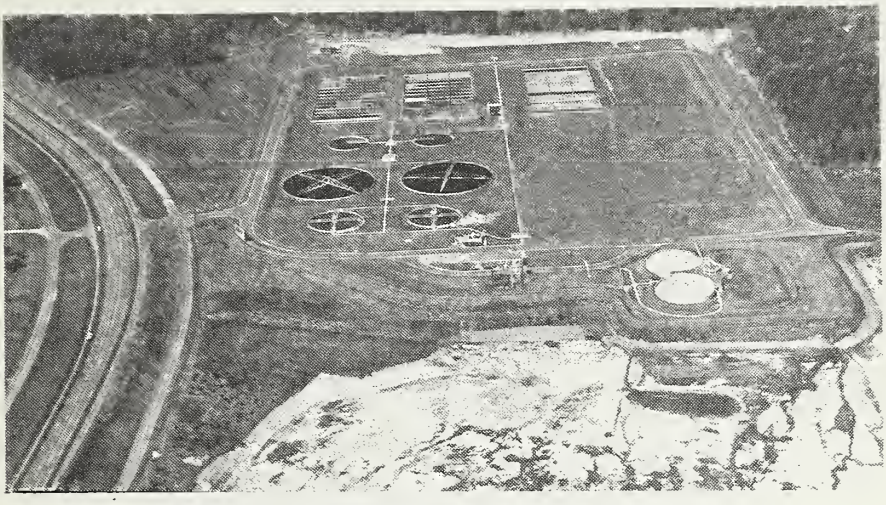
FIRE PROTECTION

City of Fayetteville

The City of Fayetteville maintains a most adequate fire department which gives local businesses and industries the benefit of an NB3 Insurance Rating; as fine as any in the State of North Carolina. This is accomplished through the combination of modern equipment and adequate training facilities. Presently there are five stations, Central Station being located in the downtown area and the other four at strategic points throughout the city. The permanent force is 93 with 20 additional volunteers. There are 24 pieces of mobile equipment, all with radio control. The average water pressure maintained at hydrants is 65 pounds. A system of 292 alarm boxes are situated at strategic places throughout the city. Industries situated adjacent to the city, however outside the actual city limits, may arrange for protection by the City Fire Department under certain conditions. In a number of instances, city water mains have been extended to service industries under such conditions. A very thorough inspection program keeps fire hazards at a minimum and also permits members of the department to be familiar with structures throughout the city. A fire prevention educational program is carried on continually with the city school system. The fire department also operates a rescue squad and has special equipment for that purpose.

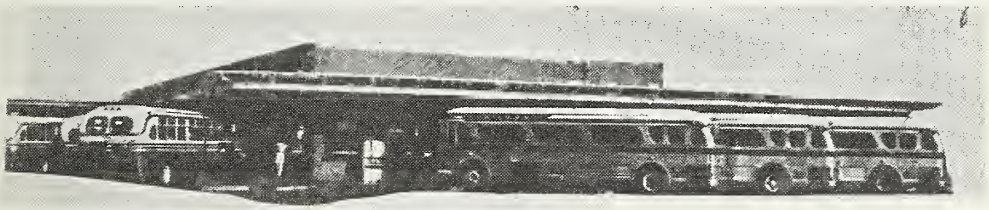
Cumberland County

Fourteen volunteer or community fire departments are operated throughout the county. The rural fire tax rate is ten cents per $100 of assessed valuation. This, of course, is not payable by those in Cross Creek Township (Fayetteville). These units function with a total personnel to 350 and in several instances, include reserve squads in addition to those of the fire department activities. Their pieces of mobile equipment total 41 and in all instances include two-way radio contact between the various stations and members of the volunteer forces. These units in the county have a very active program which includes several rescue squads with special equipment. All are housed in buildings constructed and equipped for the service.



Water Treatment Plant

WATER AND SEWER TREATMENT PLANTS



Fayetteville has a very modern water system that is definitely designed for the future as well as the present. Today, its supply of soft, high grade water comes from a system of surface lakes which should be quite adequate for years to come, even with the present rapid rate of growth. The average pressure is 65 pounds, and that is assured primarily by three elevated one million gallon reservoirs. The Public Works Commission, which operates the

water supply and distribution system for the City of Fayetteville, has done a most creditable job of filling current needs and anticipating those of the future. To supplement the existing system of lakes, the Commission has recently installed a new twelve mission gallon pump on the Cape Fear River, with a direct line to the water treatment plant.

Sewage Disposal Plant

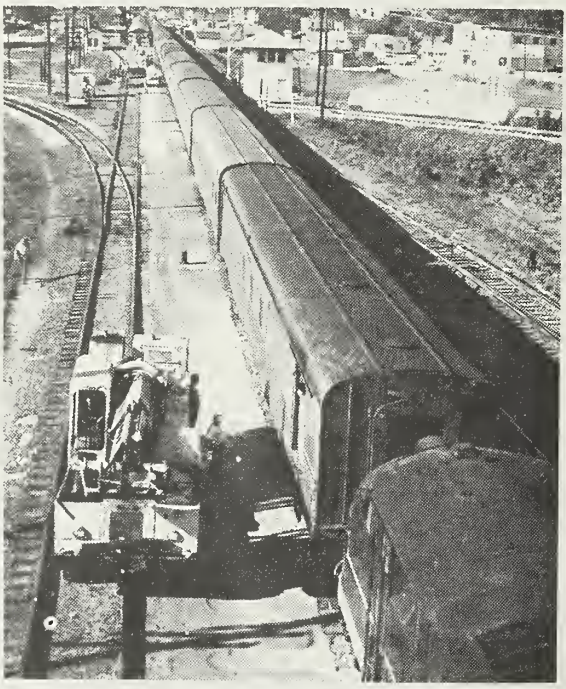
The sewage disposal plant is most modern and as may be seen, is designed for expansion to meet future needs. This service is also operated by the Public Works Commission and is constantly expanding to meet the increasing needs of a rapidly growing community. The plant services are expanded and maintained out of operating revenue. It is designed to handle industrial as well as domestic waste.

OVER 100 INTERCITY SCHEDULES BY TRAILWAYS AND GREYHOUND USE THIS TERMINAL DAILY !!!

RAILROADS: The main line of the Atlantic Coast Line Railroad provides five trains daily to New York and Washington (in season—six). Service is also operated to both coasts of Florida and Atlanta to the south. Piggy back freight service is available and the ACL operates a branch line from Sanford to the State Port at Wilmington. Three other railroads provide the area with splendid freight service—The Aberdeen and Rockfish, The Cape Fear and The Norfolk-Southern. All four have numerous desirable industrial sites.

AIR SERVICE is provided by Piedmont Airlines. Their equipment presently is F227, Martin 404 and Boeing 737's. Through plane service to New York, Washington, Atlanta, Cincinnati, Louisville and Norfolk is provided by eighteen flights daily. Air taxi or charter service is available as are complete facilities for servicing and storing transient aircraft. Grannis Field has twenty-four hour tower operation and is equipped with both ALS and ILS.

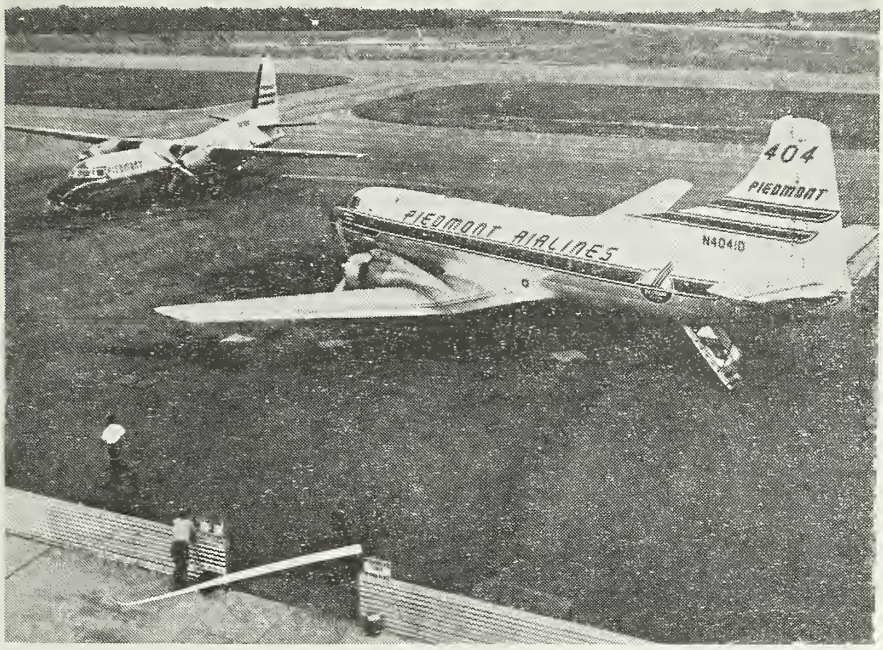
TRUCK LINES AND TERMINAL: Truck lines serving Fayetteville are Associated Transport, Edmac Trucking Co., McLean Trucking Co., Miller Motor Express, New Dixie Motor Lines, Inc., Overnite Transportation, Roadway Express, Thurston Motor Lines, Carolina-Norfolk, Standard Trucking, Johnson Motor Lines, Colonial Motor Freight Lines, Pilot Freight Carriers, Helms Motor Express and Hennis Freight Lines.



Through busses to New York, Montreal, Chicago, Memphis, Miami, Dallas, and Washington provide unusually good package service, as well.

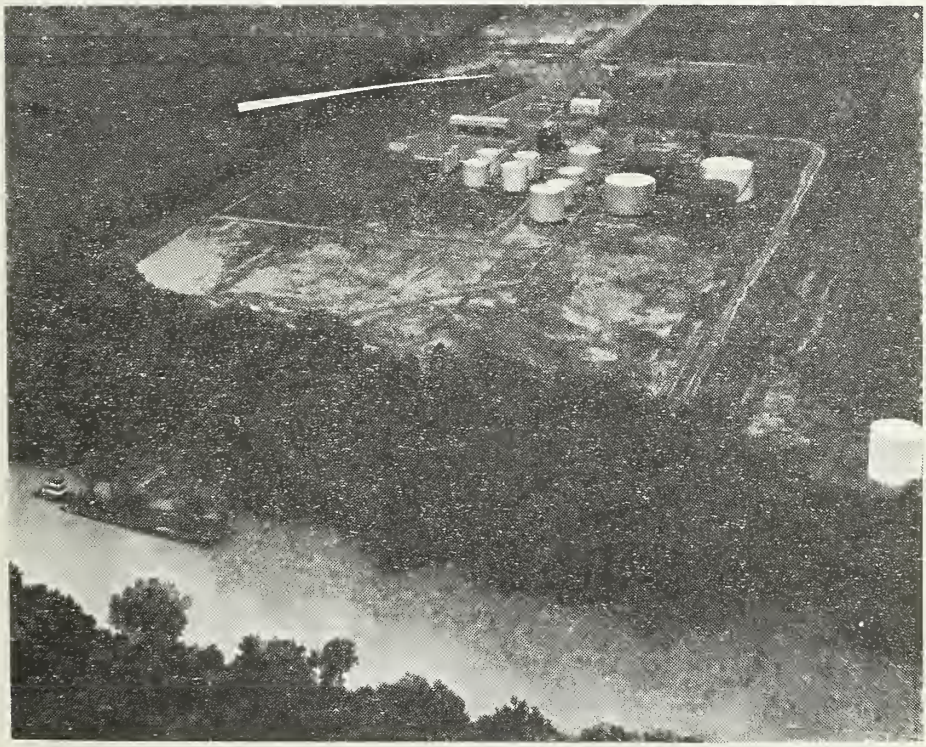
CAPE FEAR VALLEY COACHES provides schedules to and from the downtown area. Cabs are plentiful and all principal car rental firms operate in the city and at the airport.

The barge on the Cape Fear River is delivering oil from the Atlantic Coast. Just upstream from this terminal is another operated by Chem-Phalt. Fayetteville is the head of navigation.



Cape Fear Feed Products presently uses in excess of two million gallons each day which it returns to the river. Being a comparatively new operation, its use of water transportation is in the future.

The Borden Chemical Company plant produces formaldehyde. It has been tripled in size since its opening in 1957. Although transportation is presently via rail or truck, the Cape Fear is available just behind as you can see.



Mc Lean

Piedmont Airlines

Esso Barge Terminal From The River Side

CUMBERLAND COUNTY'S INDUSTRIAL ECONOMY

The area's industrial economy is quite diversified, with textiles and related lines providing the largest employment. Burlington Industries, Inc. operates two plants in Fayetteville and several others in the general area. The plant pictured is a weaving operation and the other, Lakedale, produces yarn for Fayetteville Fabrics. Both these plants are a portion of the Men's Wear Division which has its headquarters in the fabric plant.

Burlington also operates its own transportation system, which maintains a large terminal in Fayetteville. Another textile operation in Cumberland County is Elk-Eastern Mills which produces cotton yarn at the plant in Hope Mills.

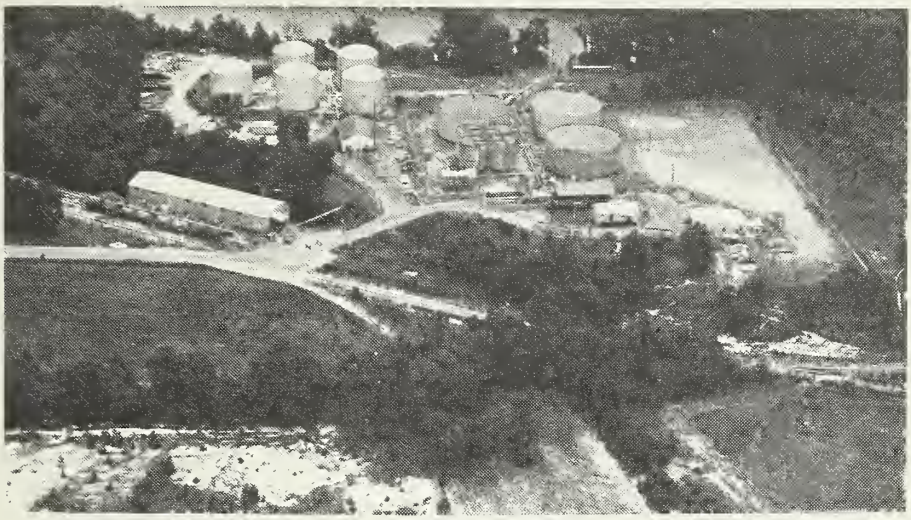
Cape Fear Feed Products—On The Cape Fear.

Burlington Industries—Fayetteville Fabrics
(Recently Added 20,000 Sq. Ft.)

Borden Chemical Co.—Formaldehyde—On The Cape Fear.
(Large Expansion Presently in Process)

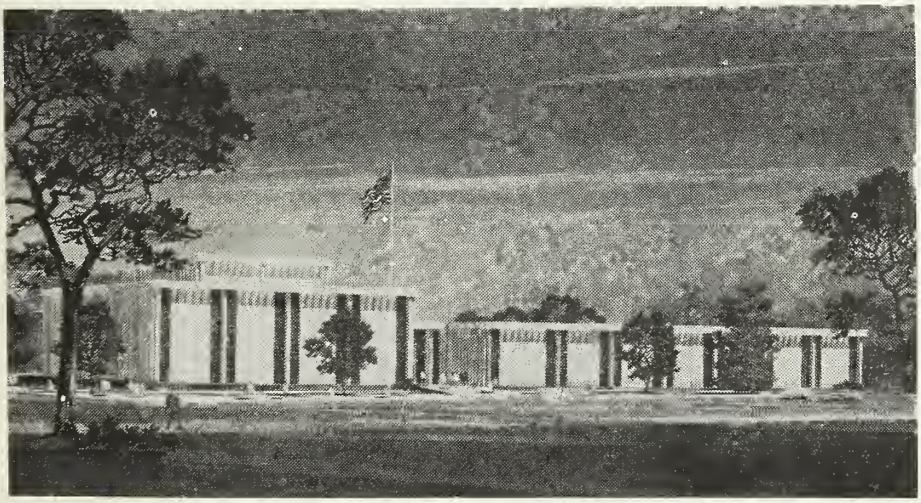
Holt-Williamson, in Fayetteville, produces corded cotton and synthetic yarns, wristing for work gloves and does raw stock dyeing. Malkinet, Inc., in Fayetteville, is a lace production, basically synthetics. Dixie Yarn Mills operates plants producing knitting and thread yarn at Cumberland and cotton yarn at Hope Mills. Tolar, Hart & Holt Mills, Inc. also operates a yarn spinning mill in Fayetteville. At present there are two cut and sew plants in the county, however, several are situated nearby. Kings Point Manufacturing Co., Inc. operates one of Fayetteville's newer firms in an 80,000 square foot modern air conditioned plant; Fayetteville Manufacturing Corp. is one of 58,000 square feet. Another national firm that has found the Fayetteville Area climate attractive and profitable is American Bakeries Company which produces bread and rolls for the area in the plant shown.

American Bakeries



Kings Point Industries Inc

Another Specialty manufacturer in the area is Christy Manufacturing Company which ships its sewn and stuffed toys all over the United States and into some foreign countries as well. With a growing population such as that of the Fayetteville Area, service operations are, of course, quite necessary. Pictured is the very modern plant of Fayetteville Linen Company which serves quite an area in addition to Cumberland County. Fayetteville Manufacturing Corp. ships curtains and draperies all over the United States. Decoro Homes produces and manufactures prefabricated homes.



Fasco Industries—Ventilating & Heating Equipment

Pictured above is the plant of Fasco Industries Inc., which produces electronic devices, air circulators and heating devices. Operations in the metal field have increased considerably in recent years. Most recent to enter the area was Canam, Inc., a manufacturer of tobacco tying machines, which started production January, 1963. The parent firm is the Brantford Oven and Rack Company, Ltd. of Brantford, Ontario. Expansion into fields now served by the Canadian firm are planned for the future. Also active in the metal field are Union Corrugated Co., Hercules Steel Company, Inc. and several others set up primarily to either service existing metal equipment or to design and fabricate new.

Chem-Phalt Barge Terminal On The Cape Fear.

Two firms, primarily engaged in productions related to agriculture are the Planters Chemical Corporation and Cape Fear Feed Products, Inc. The latter firm is active in the foreign as well as domestic poultry feed supplement markets. Both of these firms have entered the area during the past few years and found results to warrant expansion over original planning. Capitol Manufacturing Company, a manufacturer of picture mouldings, is another comparative newcomer that has found need for expansion several times since locating in the area. Other phases of the woodwork field are quite active with Rankin Brothers producing plywood chair seats, backs, arms, legs, industrial plywood parts in its plant.

New Federal Building—Court House—Post Office
Opened early 1966

Novelty Furniture Company manufactures small furniture in its operations and basket bottoms and dimensional squares are the products of West Lumber and Box Company in its plant. Thomason Chipboard Company produces chipboard and Southern Resin Glue Company, wood adhesives in their plants. Ideal Brick Company is an established and growing manufacturer as are several others in the construction or related fields. Pipe, Inc. manufactures and ships a great deal of concrete pipe. Concrete and cinder blocks are products of Cape Fear Block Company and Fay Block Company. The area has a splendid group of construction companies, experienced and justified to handle most any need. This does not nearly include all the manufacturers presently operating in the Fayetteville Area, and is intended only to emphasize the diversity that presently exists among successful operations. Pictured is the Chem-Phalt Terminal which once again indicates one of the many advantages offered by the Fayetteville Area for the location of industries which can make use of water either for cooling, processing or transporting. The Fayetteville Area provides a very healthy climate for industrial operation as evidenced by both the expansion of existing facilities and completely new operations during the past few years.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight -- Out of Mind Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

●

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "🔔"—Telephone Subscriber, "©"—Homeowner.

The City Directory Will Answer Your Everyday Questions - - -

About an Individual

How does he spell his name?.....Alpha.
Is he married? What is his wife's name?.....Alpha.
